

Psychology Sensation and Perception Opener

Dowdle 2015

Directions: Each group will be assigned a sense. Your job is to create a basic presentation, which would be fitting for a third grade classroom, explaining how the sense works for humans.

Each presentation must have...

1. A clear title that a 3rd grader would understand.
2. A diagram helping typical 3rd graders grasp all the parts of the body that aid in sensation.
3. An explanation of how people utilize the sense.
4. A demonstration of what life would be like if there was a disability in regards to the sense?
5. How does modern technology aid people with these types of issues?
